

### The Ola and Marian Harang Scholarship

Ola Harang was born in Norway and moved to Concrete with his family when he was fourteen. They later moved to Sedro-Woolley where he attended school, played football and met his high school sweetheart Marian who was born and raised in Sedro-Woolley.

They both served in the Army during WWII and were married in 1946 upon completing their military service.

Ola worked in the logging industry in the area until 1959 when they moved to Sitka, Alaska. Upon retirement in 1988 they moved back to the area that they always considered home and built their home on Lake Samish.

They were always active in youth activities and supported them in every way they could.

Ola and Marian felt strongly about the practicality of a vocational/technical school education thus the scholarship in their name is presented to students pursuing that goal.
