

## **Skagit Valley Warriors Female Athlete Scholarship**

The Skagit Valley Warriors are dedicated to raising money for youth organizations and students around Skagit Valley. As part of a group of women that get together annually and play football against other women's teams, they have created this scholarship in support of female athletes in Skagit Valley planning to pursue education beyond high school.

This scholarship was first established in the 2022-2023 school year and a student athlete at both Sedro-Woolley High School and Concrete High School will be selected.
