

Sedro-Woolley Alumni & Schools Foundation

Extracurricular Activities Grant

Fall 2026

Dear Sedro-Woolley School Extracurricular Activities Coordinator:

The Sedro-Woolley Alumni and Schools Foundation has created a new grant opportunity to support school/district endorsed activities that are outside of regular courses of study. The purpose of the grant is to support student extracurricular activities that find it difficult to provide essential and appropriate equipment common among quality programs; as well as other special needs unique to the requesting program. Program needs of these extracurricular activities are often not adequately met given ASB fund distribution guidelines and varied levels of student participation. Eligible school/ district endorsed extracurricular activities typically include: sports, music, drama, art, debate, and clubs as a few examples. Examples of items not supported by this grant opportunity include: salaries, personnel fees, additional staff support, consumable items, related travel expenses, staff training and conferences. The Foundation is pleased to announce the ability to award grants during the 2026-27 school year.

The intent of the grant is to provide financial support to assist extracurricular activities that benefit a variety of student interests at all instructional levels. There will be one grant cycle this school year (2026-2027). To be considered for an Extracurricular Grant, a completed application must be received by January 8, 2027. All applications must be reviewed and approved by the building or program supervisor prior to being submitted. Recommendations for funding will be submitted at the next regularly scheduled Foundation board meeting followed by notification of successful applications. Funds not expended by June 30, 2027 will be transferred to the following year's allocation pool.

Thank you for your support of extracurricular activities for the students of the Sedro-Woolley School District. The Foundation looks forward to receiving your application.
